Travel agencies around the world rely on the Addressograph Bartizan Ticket Validator 4760 to manually validate airline tickets. Designed with a durable aluminum base, the 4760 simultaneously captures the airline identification, travel agency validation, customer credit card information, and transaction date onto airline tickets and UCCCF forms with one single pass.

Ticket Validator

You'll  
never  
know  
until  
the  
**day**  
you  
need  
one!

## Model 4760

▶ The 4760 is equipped with many standard features geared to meet the needs of the airline industry. The AVP (Agent Validation Plate) holder, the unique document clamp which holds the ticket in place, card guide and a continental dater are standard features on the 4760. It conforms to IATA/ARC specifications. If you're a travel agent, you must have the reliability, durability and simplicity of the 4760.
